

BATTERY RECYCLING 101

The following batteries are accepted for recycling:

PLEASE NOTE: Batteries that are cracked, bloated, or otherwise damaged are not accepted.

Alkaline (AA, AAA, C, D):
Drop in the box.

**9-Volts and over, Button Cell,
Lithium Ion:**

Each individual battery must be placed in a sealable plastic bag.

Rechargeable AA batteries are Lithium Ion and must also be bagged.

Bring your own, or ask for bags at the Circulation Desk.
